

WE'RE
COVID
SAFE

OUR COVID PLAN

We have implemented some new measures to keep our staff and our guests as safe as possible.

Temperature checks

We are requiring all staff to check their temperature before leaving for an event. Should they be above average, a replacement DJ will be immediately implemented.

Hand washing

All staff will be required to wash hands multiple times during the event, especially after setup, prior to toasts, and after toasts when a microphone exchanges hands.

Microphones

Will be sanitized between guest uses.

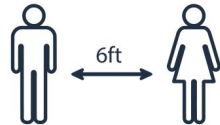

Masks

All staff will be required to wear a mask during setup and strike. It is up to the client's discretion if they want them to wear it during the event.

Hand sanitizer

These will be at the DJ's booth during the entire event for the DJ and for guests to use.

Guest interaction

When taking requests and interacting with clients, DJs will maintain a safe distance.

Questions

Please reach out to us. We'd be happy to discuss any concerns or questions you have regarding your event.
